

## REAL EYES REALIZE "Support Team Maverick and ALS Research"

### Tell Us More ...

The **REAL Eyes Realize** podcast is created to raise awareness, amplify voices of **REAL** heroes in our communities, and highlight ways in which we can support one another. As we spotlight people creating positive **Ripple Effects Actualizing Love (REAL)** in this world, we can all learn, grow and benefit from the lessons they model.

Doug McNeil, Jessica Eastland (Doug's daughter) and the entire McNeil family and community who support them continue to focus on social-emotional well-being, service above self, and the power and grace of positive actions. Doug is battling with ALS and continues to be a model of bravery and compassion. Jessica is leading the charge with positive actions to raise awareness for ALS research and support her family and all who know and love them through his challenging disease.

Here's how WE can help.
